## ❖ Work Experience

Thirty years in optometric practice. I am also responsible for maintaining my business including bookkeeping, processing of paperwork, meeting deadlines and coordinating with Ophthalmological offices to assure continuation of patient care. These duties require me to be a self-starter, to adhere to guidelines, to communicate effectively both verbally and in writing, to be a leader, to interact with a variety of people, to determine what my patients need and to meet those needs in a timely fashion: 1981 – Current
